### [2] Energy and Climate Change (EC)

#### [2.14] Impactful university program(s) on climate change

No	Programs	Scope (international / regional / national / local / etc)	Total Participants	Photo	URL	Short Description
1	Exhibition Under the Royal Initiative and Plant Generic Conservation Project, and school botanical garden and local resources, 7th Reginal Conference	National	857 participants		<a href="https://www.facebook.com/KpruOfficial/posts/737855221699719">https://www.facebook.com/KpruOfficial/posts/737855221699719</a>	Kamphaeng Phet Rajabhat University is an organization that supports the Royal Initiative by promoting and sharing knowledge about conservation and sustainable use of natural resources. As part of this effort, we participated in the conference and organized an exhibition on the school botanical garden and local resource base. The objective was to share knowledge about the utilization of local resources in Kamphaeng Phet.
2	Climate and Environmental change toward New Zero Greenhouse gas emission achievement project, 10 July 2024	Provincial level	10 Teachers 80 Students		-	This project's objective is to transfer knowledge and raise awareness of climate change and greenhouse gas emissions.

No	Programs	Scope (international / regional / national / local / etc)	Total Participants	Photo	URL	Short Description
3	World Environmental day activity was on 5 June 2024 to create dams for sustainability and environment	Community level	150 of KPRU staff and locals		<a href="https://www.facebook.com/KpruOfficial/posts/860777506074156">https://www.facebook.com/KpruOfficial/posts/860777506074156</a>	This activity aims to raise awareness among staff and the public about the importance of conservation and to encourage cooperation in sustainable development across all ages, education levels, and communities in order to revitalize forests and promote soil and water conservation.
4	The plant generic conservation project under her Royal Initiative, Kamphaeng Phet Rajabhat University	Provincial level	5 KPRU staff and 35 local participants		-	This project aims to publicize the plant generic conservation project under her Royal Initiative, including resource learning framework, utilization and awareness framework.
5	Waste management project	Local	8 KPRU staff and 30 students		- N/A	This project aims to give middle school students knowledge of waste management, raise awareness of waste management, and promote sorting waste before disposal, organic waste management, and greenhouse gas emission reduction at Wattanarat Sueksa School on June 18, 2024

No	Programs	Scope (international / regional / national / local / etc)	Total Participants	Photo	URL	Short Description
6	A signing ceremony, a cooperation between Kamphaeng Phet Rajabhat University and waste management training within university	University level	200 KPRU staff		<a href="https://www.facebook.com/KpruOfficial/posts/798744715610769">https://www.facebook.com/KpruOfficial/posts/798744715610769</a>	This activity aims to encourage all faculties and departments within the university to enhance building management, environmental stewardship, nature conservation, and the rehabilitation of degraded areas, with a focus on ecosystem development and biodiversity to reduce the organization's greenhouse gas emissions
7	KPRU Green Project	University level	1,500 KPRU freshmen students		<a href="https://www.facebook.com/ga.kpru/posts/911339210997402">https://www.facebook.com/ga.kpru/posts/911339210997402</a>	This activity aims to create a learning environment that encourages students to adopt eco-friendly behaviors, gain knowledge on energy conservation, fire prevention, and disaster relief within institutions. It aims to raise awareness about waste separation within the university and reduce greenhouse gas emissions.
